**NOTES FROM A CITY EDITOR'S DAYBOOK**—The suggestion—and it was only a suggestion—that the city of Dixon might engage in the bus or transportation business, should offer a topic for comment.

Dixon's bus line, like so many others, faded out of the local scene many months ago. The Chamber of Commerce made quite an effort to save it only to run into an Illinois Commerce Commission snag. In fact many would-be bus riders raised a "pot" of \$1,100 in guaranteed fares to keep the busses going but to no avail.

The suggestion of a municipal-operated bus line will cause some taxpayers to see red, but in some quarters it might be viewed as logical. Since private enterprise obviously can't maintain public transportation at a profit, some will argue that it properly belongs in a public service category.

But before you start running around your Christmas tree, just talk it over with your friends and see what answers you will come up with.

We had a rather distinguished visitor this morning. He was Arthur Basanyake (Just call me Bas), he said. Mr. Basanyake is the second secretary of the Ceylonese Embassy in Washington and is on the tour of the country under the auspices of the Institute of International Education.

Mr. Basanyake, a young, handsome chap, selected Dixon as "typical" Midwest city, and was curious about its politics, its economic life, and various other aspects.

He is a graduate of the University of Ceylon where he taught before entering the diplomatic service. A news story, fresh off the AP wire, telling that Ceylon now is a member of the United Nations, made him very happy.

A Dixon High School student remains in the running for the National Merit Scholarship. It's quite an honor for Julia LeSage, daughter of Dr. and Mrs. Charles H. LeSage, 814 Chula Vista. More than 50,000 high school seniors took the first examination in October.

She is one of the 5,078 students with a chance at the scholarship. They'll take a second exam Jan. 14 to cut the field to 1,500. Top-ranking students after the next test will be screened to reduce the number to between 425 and 500. Those will receive scholarships. They should know the happy news by May 1.

The program is operated on a grant from the Ford Foundation. Good luck, Julia!

Postmaster Charles Redebaugh passes on the happy note that the post office will do its usual best to see that all Christmas mail is delivered this year.

Yesterday's mail totaled \$2,500 pieces, about 7,000 less than the high a year ago which was set on Dec. 17.

"Chuck" says that the post office will deliver mail and parcel post this Sunday, Dec. 18, so be on the lookout for it in your mailboxes.

Also the post office windows will be open all day Saturday.

As a final note, and a very fine gesture, we think, the post office will deliver all late mail Christmas morning if it becomes necessary.

## Christmas Store Hours Begin Friday

Late Christmas shoppers get a break beginning Friday. Most Dixon retail stores will remain open until 9 p. m. from Friday through Dec. 23 to give busy housewives and others an opportunity to complete their gift lists.

## UN Happy Over New Members Make Plans to Seat 16 Nations Without Delay

**UNITED NATIONS, N. Y. (AP)**—The General Assembly brought the 10-year freeze on new U. N. members to a happy end Wednesday night by admitting 16 nations.

In a jubilant session, the Assembly overwhelmingly approved the Security Council's dramatic recommendation of the 16, boosting total U. N. membership to 76.

Arrangements were made today for the 12 non-Communist and four Red nations to take their seats at once.

Japan's exclusion — along with Outer Mongolia — cast the only shadow over the proceedings. Of the 18 applicants originally proposed for acceptance in a package deal, they were the only two not to make the grade. Because Nationalist China's veto kept Outer Mongolia out, the Soviets vetoed the Japanese.

**New Members**  
These were the new additions to the U. N. roster:  
To the Soviet bloc, now a group of nine members — Albania, Bulgaria, Hungary and Romania.  
On the non-Communist side — Ireland, Portugal, Italy, Austria, Finland and Spain, all European; and Libya, Jordan, Ceylon, Nepal, Cambodia and Laos, recruits for the Asian-Arab bloc.

When Spain, last of the 16 nations to apply, was accepted, the Assembly hall resounded with 26 seconds of applause.

In an emotional speech, Assembly President Jose Maza of Chile declared the admission of the 16

laboratories are at work on the problem, searching for the key — the elusive "big idea" that could revolutionize the atomic art.  
"But our people are not the only ones. Competent scientists in other countries are equally hard at work, trying to find the same 'big idea.'"  
"Unless we have scientists and engineers, in quality and numbers, we could lose this race."  
The AEC chief said that while American colleges are turning out less than half the number of scientists and engineers required in all fields — the shortage "will become worse before we can possibly correct it" — Soviet Russia is educating twice as many such technicians as this nation is.

## School Board Makes First Move to Expand High School

### Indicates Property Purchase

**Contacts Owners of Homes, Garage Near Present Building**

The Dixon Board of Education has taken the first step toward expansion of high school facilities.

It's a small step, but it indicates the board is working for extra space to relieve crowded conditions in the school.

John Dixon, board president, said the board has contacted owners of three houses and a garage about purchase of their property to expand the high school site.

The property involved is on the north side of Boyd Street and the west side of Peoria Avenue, northeast of the present high school grounds. Addition of the land would consolidate the high school area and give it a more regular shape.

Owners of the properties are Oscar Gardner, who operates a garage; Mrs. Zella Banta, Poughkeepsie, N. Y., who owns a rental house; George Haber, who lives on the property, and Frank Perry, who owns a rental house.

**No Price Talks**  
Dixon said the board has not entered price talks with the owners as yet.

Board members acknowledged an ever-increasing need for more high school room. Comments indicated they are thinking in terms of an addition to the north of the present building.

Concluding the discussion, Dixon said, "We don't expect to pay more than the property is worth."

The board approved adding baseball to the high school athletic program next spring. Supt. Sherwood Dees and Principal Sheldon Bros recommended the action. They said baseball would provide another chance for student participation in sports. They also said students have indicated a strong interest in the sport. (For further details see today's sports page.)

**Explains Classes**  
Supt. Dees reported on the adult education program to begin the first week in January with 13 courses offered. He emphasized that the fee of \$2.50 for the entire course. Enrollment will be open to everyone even though they did not respond to a questionnaire asking for expressions of interest.

The board received a notice that the Rotary Club and the Lions Club are planning an appreciation dinner for the members of the Citizens School Survey Committee. The date has not been set, but the dinner probably will be held late in January or in February.

The committee has conducted an extensive study of the local school system to help determine what the building and curriculum needs of the school are.

To clear up a question on policy from Principal Bros, the board emphasized that state law provides that no student may quit high school, except for necessary work, until the end of a school semester. This applies even though the student has reached the age of 16 years. He must finish the semester he has enrolled for.

**Teacher Meets**  
The board continued its practice of hearing reports from faculty members on their work and problems. Miss Savilla Palmer, kindergarten teacher in Lincoln School, told the board that adjustment from the family group activities to

## Mrs. Mary Fane, Dixon, Still Is Missing Today

### Police Seek to Link Three Local Mysteries

The whereabouts of Mrs. Mary Fane, 28-year-old Dixon woman, remains a mystery today.

She is the mother of four infant children and the wife of Joseph Marvin Fane, 1023 S. Peoria Avenue. She has been missing from her home since Dec. 3.

This afternoon, State's Atty. James Bales, Sheriff John Stouffer and Chief of Police Earl Kelchner were scheduled to search the Fane house and grounds. Fane agreed to the search.

He has also agreed to submit to a lie detector test Friday morning in Springfield.

**Seek Link**  
Local authorities also are exploring the possibility that there might be some connection between her disappearance and the apparent disappearance of two other Dixon residents who were reported missing about the same time.

Mrs. Albert (Shelby) Burgess, 210 Monroe Avenue, reportedly has been missing from her home since Dec. 2 or 3. She has her one-and-a-half-year-old baby with her, according to her husband.

She reportedly indicated to authorities that she was leaving her husband and returning to her parents' home in Bulah, Ky. However, several telephone checks

with her parents disclosed that she never arrived, authorities said.

**Contractor Missing**  
Police said the third missing person is Glen Suits, Dixon roofing contractor, who reportedly disappeared about a "week or 10 days ago." He also is married.

Both Fane and Burgess told authorities that their wives didn't know each other.

Mrs. Fane was last seen by her husband early the afternoon of her reported disappearance. He did not report her absence to police until Dec. 7. They have been married six years.

**Had Money**  
Fane, a turbine operator for the Public Service Company, told police that he thought his wife had between \$30 and \$50 in her possession when she disappeared.

Her four children, the youngest of which is about a year old, are being cared for by Fane's mother.

## 4,076 County Pupils Join Jr. Red Cross

During November, 4,076 pupils in 28 Lee county schools contributed \$346.99 to the Junior Red Cross drive, according to Lova Missman, executive director of the Lee county chapter.

Another 19 schools in the county are scheduled to report this month.

She said that all money contributed by school children is used only in promoting Junior Red Cross activities.

The money is used in three ways: to send Lee county pupils to a leadership training camp in August; to contribute to the worldwide Children's Fund; and to pay for classroom subscriptions to the Junior Red Cross monthly magazine.

School children enroll as Junior Red Cross members during November just as adults enroll as American Red Cross members during March.

## Nab Youth Who Killed 3 Persons

**Police Chief Hit By Bullet as Posse Locates Fugitive**

**VANDERGRIFT, Pa. (AP)**—State police today captured a love-crazed youth who killed three people last night and critically wounded a policeman who helped corner him this morning.

Complete details of the shooting of Police Chief Gus Zanos, of nearby Apollo, and the wounding and capture of 17-year-old John Fallone were not available immediately.

Police who radioed the report that Fallone had been wounded and captured called for an ambulance into the wooded area about four miles north of Vandergrift and 30 miles northeast of Pittsburgh.

**Gun Battle**  
State police said Fallone was wounded in a gun battle with the posse. He was being taken to a hospital in Kittanning with a head injury.

How badly he was wounded was not immediately learned.

First police reports did not indicate any injury to members of the posse other than Chief Zanos.

As officers closed in, state police reported, Fallone fired once with one of the two rifles he had taken after the triple slaying last night. The shot struck Zanos and officers temporarily moved away to get the wounded policeman to the hospital.

Hospital attendants said Zanos was conscious when admitted there around 11:30 a. m.

**Same Hospital**  
The police chief was taken to the same hospital where 15-year-old Gladys Small was admitted last night after the shooting. She was seriously wounded after her parents H. Warren Small, 44, and Mrs. Irene Small, 36, were slain in their farm home near Vandergrift.

William A. Small, 49, a brother of Warren, was shot and killed as he ran from the house. Police said that Fallone fired the fatal shots with a .22 calibre automatic rifle.

After an all night search, Fallone was located this morning near his home and took refuge behind a stump on a ridge nearby.

## Counterfeit Scheme Foiled In Arizona

**PHOENIX, Ariz. (AP)**—A printer for the State Highway Department was arrested in his office at dawn today by U. S. Secret Service men and Phoenix police who said he had enough fine quality paper to print \$200,000 in counterfeit bills.

They said not one bill had been printed with the negatives of \$10 and \$20 bills, photographic equipment and 100 pounds of fine paper which officers seized.

The printer was identified as David E. Stonehocker, 29, of Phoenix. Police Capt. Orme Morehead said Stonehocker had the negatives spread out in front of him as officers broke in.

About two hours later, William Eugene Shearer, 25, a Phoenix salesman for the telephone company, was arrested as he reported for work. His connection with the case was not immediately disclosed.

Morehead estimated the scheme could have grossed one million dollars if it had been carried through.

George W. Walker, head of the Secret Service in Arizona, said Stonehocker usually worked alone in the building, a house recently acquired by the Highway Department for office space.

He told his superiors he had been working overtime at his offset press to catch up on back work, Walker said.

Walker would not say how officers found out about Stonehocker, except that agents were present when the paper was bought in Los Angeles.

Shearer and Stonehocker were charged before the U. S. commissioner with possession of material for making counterfeit money. Both were put in jail.

## Cold, Wintry Storms Cover Broad Areas of the Nation

**By The Associated Press**  
Cold and stormy weather struck broad areas from the Rockies to the Appalachians today.

Near-blizzard conditions were reported in eastern sections of the Dakotas and Minnesota.

Icy winds sent temperatures tumbling to the lowest marks of the season in many Midwest areas. Below-zero readings extended from Montana eastward across North Dakota to northern Wisconsin.

The cold air headed for the East Coast this morning. The leading edge extended from the Ohio river Valley southwestward to extreme southern Texas.

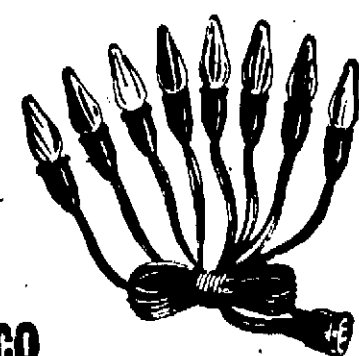

There was considerable blowing and drifting snow in the Dakotas and Minnesota. Scattered snow flurries fell in Midwest areas during the night, with an inch reported along the Ohio river and in parts of Ohio. The snow fell as far northeastward as New England.

It was 15 degrees below zero this morning at Butte, Mont., and the subzero readings ranged to -7 at Dickinson, N. D., and -3 at Eau Claire and Grantsburg, Wis. Temperatures dropped below 10 degrees in Chicago after Wednesday's high of 31 and stiff northerly winds made it feel much colder.

## Don't Mar Happy Christmas Season With Carelessness

While we enjoy many holidays throughout the year, none so keynote the anticipation of happiness as do those of the Christmas season. Yet many of us, in our sincere desire to give happiness, through carelessness, provide tragedy instead, says the Educational Committee of the Illinois State Medical Society.

Are you one of those careless persons? Did you ever repair the string of electric lights that enhances your Christmas tree? Remember you noticed a short circuit which you promised to correct before using the lights again? But did you? Or are you just thinking that nothing could happen?

Something could, you know. A fire could bring real tragedy to you and your loved ones. And burns? How would you feel if that beloved child was in the hospital instead of home, surrounded by cheer and happiness?

And the ladder that is only brought out at tree-trimming time? Remember it has been rickety for a couple of years now. You may not be as lucky this year when you're placing the star on the top of the tree.

How about the gifts for tiny tots? Did you buy them wisely, avoiding those with sharp points? Of course, the toy with bright beads would make the little one's face light up, but have you remembered that probing little fingers pry things apart, so they can be popped into the mouth or tucked into the ears?

Have you planned your hours wisely, or are you the kind of person who thinks a crowded schedule is more fun? Lack of sleep and fatigue are not conducive to happiness, either for you or those about you.

And when you're tired, you are inclined to be more careless. In your rush to get things done, you can fall more easily. Broken bones aren't happy experiences at any time, let alone the Christmas holidays.

Perhaps you're driving to spend pleasant hours with friends or relatives. Have you planned sufficient time so that you won't have to speed? If you haven't, instead of being a holiday guest, you could be a holiday casualty statistic.

And speaking of driving, are you the type of person that thinks a few cocktails don't affect your ability to handle your automobile? Do you think that "one more for the road" is a gesture of goodwill? Instead of home, the road may lead you to the hospital, or even to the morgue.

The approaching holidays should be a happy and festive time. Do your part to make them so. Plan wisely and carefully to prevent accidents, so that tragedy will not mar your holidays.

Have fun, laugh frequently and smile often. Let your feeling of well-being and happiness spread to others. This is one form of infection that is endorsed by the medical profession. And remember that there is a spiritual aspect to the Christmas season. Go to the Church of your own Faith.

## The Doctor Says:

### Deadly Carbon Monoxide Lurks in Burned Gases

By EDWIN P. JORDAN, M.D.

Each year a number of tragic and unnecessary deaths result from accidental carbon monoxide poisoning.

Carbon monoxide is an odorless gas which appears in dangerous quantities in the air we breathe when too much oxygen is burned up by such things as a running automobile motor or a gas heater.

Since this can occur only in a closed space, accidents of this sort are far less common in warm seasons when windows and doors are likely to be open.

When a person breathes in a toxic (poisonous) amount of carbon monoxide this gas combines with that portion of the blood known as hemoglobin and replaces the oxygen which is normally attached to the hemoglobin.

THIS RESULTS in starving the tissues of life-giving oxygen and the person who is exposed long enough to sufficient quantities of carbon monoxide quickly becomes unconscious. If it continues he dies without regaining consciousness.

When only small amount of carbon monoxide are present warning symptoms may be present such as headache, dizziness, nausea, muscular weakness, and a generally uncomfortable feeling.

It is only when large amounts of carbon monoxide are present that the victim becomes drowsy and unconscious so fast that these symptoms are absent.

THERE IS PROBABLY no such thing as chronic poisoning from carbon monoxide. One would expect it to be found in people who are exposed to small amounts of carbon monoxide for long periods of time, such as those working in certain mining operations, near furnaces, or in garages. Actually such persons do not seem to be harmed in any way.

The use of defective stoves or furnaces and running the motors of automobiles in closed garages, however, are invitations to the next world.

IF STILL ALIVE, a person who has been exposed to carbon monoxide should be removed from the bad air at once. Artificial respiration and giving oxygen as soon as possible are desirable. Fire department crews, police, and gas company employees are usually trained to give rapid emergency treatment for this form of poisoning.

Taking a chance on being revived does not make much sense, however. Those who use gas heaters in their sleeping quarters should make sure that these devices are in good condition. Sleeping with the windows open is an additional safeguard. Everyone should know, too, that it is highly dangerous to try to warm up the engine of a car in a closed garage.

## So They Say

It is not easy to say that this or that marriage broke down because of some such thing as drink or mismanagement of money. If there is a common factor, it is the emotional instability of one or both of the partners.

## In Hollywood

ERSKINE

HOLLYWOOD —(NEA)—Hollywood Unsensored: Hedy Lamarr, who talked about retiring from the screen when she married Texas millionaire Howard Lee, is letting movie producers know she's ready for grease paint again. Charles Martin talked to her about a role in "The Scoundrel." Dale Robertson and Mary Murphy would be tying the knot right now except that his divorce isn't final until May. Wedding bells will ring the day after his unwhitching.

In a desperate but too-late decision, Warner Bros. took Liberace's piano away from him in the advertisements for "Sincerely Yours," which is flopping at the box office. Soft-pedaling his keyboard thumping, the ads show him looking through a pair of binoculars at a Jimmy Stewart in "Rear Window."

"Liberace's looking," it's being said, "for an audience."

Sudden thought in the Hollywood travel dept.: Jack Webb not only left London (Julie) he also left Towne (Dorothy).

Movie chorus cutie Jewell Drell's "whisper to friends" that she's engaged and will wed actor Mike Mazurki would up in newspaper and in Mrs. Jeannette Mazurki's hair.

The Mazurki's are separated but he's never asked for a divorce. The reason for Mrs. Mazurki's note to the chorus doll:

"Congratulations. Be sure and let us know when the day comes so we can come and give the groom away." It was signed: "Jeannette Mazurki and daughters."

Their pals expect Ruth Roman and Mortimer Hall to make it to the reconciliation plateau for the second time. Ruth can't seem to take the final step down the divorce HALLWAY.

BETTY LANZA, who was mighty ill, made it back to the sunny side of Health Street and is with Mario and the four kiddies again at their Bel Air manse. Drive is on again at MGM to find Elaine Stewart to the flicker quondam that should have been hers after "The Bad and the Beautiful."

There's no desperate look on Humphrey Bogart's face over the unexpected "just fair" box office for "The Desperate Hours," a movie everyone was predicting would make millions.

Bogie will be back with his leer, his growl and his submachine gun for another gangster film, "Underworld, U.S.A." "Don't ask me what happened," Bogie shrugged between scenes of "The Harder They Fall." "But I'm not buying the theory some people have that audiences are fed up with gangster yarns because of all the mob stuff on TV. Maybe it was because there wasn't anyone to root for in the film."

"So what if the story has been done before. Most stories have been done before. Maybe it was because of the dignity label on the film—they didn't let people know it was a gangster film. Maybe it's because of Momism these days and no one cares if Pop is in danger of having his head bashed in."

"I can't explain it. 'The Left Hand of God' is doing better business but 'The Desperate Hours' is a better movie."

But Bogie has been fooled before—and admits it. "All my intellectual friends told me 'To Beat the Devil' was a great movie. But 80,000,000 people didn't think so."

THE WITNET: Overheard at the Castle: "She drinks so many Martinis she has an olive complexion."

Not in the Script: Jeff Morrow about a scenery-chewing actor: "They ought to name a new food after him—INSTANT HAM."

### Some Facts to Consider On Trying a Dual Career

Women have forcibly proved that they CAN combine marriage and a career. The question now is: SHOULD THEY?

Before we can answer that we will have to know how much of the climbing divorce rate, the shocking stories of juvenile delinquency and the dissatisfaction of so many women is due to the great numbers who are trying to be wife, mother, homemaker and wage earner.

Until the answers are all in, the girl who is training her mind for a career while holding on to the feminine right to marriage and a family ought to know a little bit about what the score is.

Before she decides that she can handle the double role easily, she ought to know that it isn't really as easy as it sounds.

### PHYSICAL DRAIN ALONE, IS A PROBLEM

First of all, she must have the actual physical stamina to be able to do two jobs well. Then she has to be sure that the man she chooses for a husband will be willing to put up with a part-time housewife and not resent the demands of her job.

Then she must realize that once she and her husband establish a two-income standard of living, it will be difficult to get by on one pay check should she ever want to quit her job.

She has to face the fact, too, that there will be times when one job or the other has to suffer. Children are no more considerate of the time they have measles than a

These are the problems career wives don't mention when they take their bows.

They are all real problems, none the less, and the girl ought to face them at the beginning.

They can help her answer the important question: Should I try to combine marriage and a job? The women who have proved they could haven't always proved they should.

## Questions and Answers

## Westbrook Pegler

During the ten years since Truman and Eisenhower abandoned 18 million Christian East Germans to the anti-religious Soviet tyranny, West Germany has been collecting information on the routine persecution of individual victims in the criminal courts of the East zone. This is not hard to do even in these days of synthetic East German hostility because there is a large casual traffic between East and West resembling somewhat the interflow between our North and South during reconstruction. Germans visit relatives to and fro and ties of family and race actually do unify this people even though political unity seems to lie far beyond any horizon.

The West Germans noted with methodical patience many specific atrocities inflicted on their lost countrymen in scrapes with the Soviet regime, administered by renegade Germans. They have set forth particulars in official documents which establish a record. Possibly, one distant day, there will be new courts of revenge like those of the vicious de-Nazification racket, and true Germans will hang traitors who since 1945 have wallowed in dishonor out of sheer perfidy.

These West German records have been read by few persons even in Germany and our people have never heard of them. However, they can be seen in Bonn and at the West German municipal headquarters in Berlin where I acquired a small library on the silent terror.

There are other distinct phases of these dreadful inflections on patriotic Germans for an agonizing variety of unintentional missteps. But the great roundup of "Nazis" who were swept into Waldheim and kept in concentration for five years awaiting trial was a repetition for our gallant ally of the earlier Bolshevik pounds in Russia.

Two women clerks of the Red bureaucracy set up after Ike fell back from the Elbe, gave signed statements. They were Gerda Bergling and Gertrud Milke, who got away to the West in the spring of 1952. They worked at Waldheim taking "depositions" and "assisted in police interrogations of 3,500 prisoners." The "evidence" consisted of a declaration of the prisoner's property and a brief statement by the prisoner of his life history. There was no charge of any crime in most cases, but the Soviet and East German Reds hit upon the scheme of inquiring whether the prisoner had been "an industrious worker."

Naturally, they answered "yes" until the trick was exposed. This "deposition" as follows: "The prisoner devoted all his strength to support of the Nazi party."

When the word got around that a simple boast of industrious character had this awful significance, wary prisoners refused to give that answer and were thrown into dark cells without food. The trials were secret except of a few who really had misdeeds to answer for. Such cases were hippodromed before large crowds. Trials lasted from 20 to 30 minutes, the judges deliberated from 5 to 10 minutes and sentences of life, and death, were pronounced casually.

Gerda Bergling wrote that "investigators" who produced no "evidence" were fired.

Gertrud Milke said the indictments charged collective rather than personal guilt. Kurt Bever, a West German government official, when it turned out this record in 1952, was still in the cap-touching mood induced by the arrogance of the de-Nazification courts. These were composed of non-combatant Americans and German runaways, most of them Communists. Instead of damning the American de-Nazification courts as filthy rackets for revenge and loot, the West German government in 1952 said these abominations had followed fixed, ethical rules of procedure. However, all concerned knew they were a disgrace to the United States.

MR. AND MRS. LEROY W. HALBMAIER were wed in St. Mary's Catholic Church, Sterling. Mrs. Halbmaier is the former Mary Margaret Cordell of that town.

## Dixon, First Home of Newlyweds

Following a honeymoon to the southeastern states, Mr. and Mrs. Leroy W. Halbmaier are residing at 405 Depot av., Dixon. Mrs. Halbmaier is the former Mary Margaret Cordell, daughter of Mr. and Mrs. Henry Cordell sr., Sterling, and the Oswin Halbmaiers, Dixon, are the bridegroom's parents.

Large white mums and palms were used in decorating St. Mary's Catholic church, Sterling, for the late November morning wedding. Rev. Frank J. Bonnike officiated. Mrs. S. A. Murphy was nuptial organist and Miss Renata Smuda, soloist.

Given in marriage by her father, the bride was lovely in an ankle length gown of Chantilly lace and white nylon tulle over satin. The dress was styled with a sequin and pearl trimmed lace mandarin collar set on a sheer yoke. The lace bodice fastened to below the waistline in the back with tiny satin covered buttons and had long lace sleeves. A bouffant skirt of tulle with wide bands of lace forming tiers was worn over a hoop.

### Rosary From Cousin

The bride's ballerina length veil of illusion was held by a half pill-box headress of Chantilly lace with sequin and pearl trim. She carried a white orchid on a white missal and a silver and crystal rosary made by her cousin, Sister Mary Clara of Joliet. Her jewelry was a pair of small pearl earrings.

Miss Florence Cordell, Pierre, S. D., was maid of honor for her sister. Her ankle length gown of white crystal, designed in princess style, was sleeveless and had an empire waisted bodice with stand-up Peter Pan collar and separate cap sleeved jacket. Her headpiece was of white crystal in a half pillbox design with a pearl trimmed bow in the back. She too wore pearl earrings and carried a colonial bouquet of blue carnations surrounded by white baby pompons and tied with wide blue ribbon.

Jerome Halbmaier, DeKalb, served his cousin as best man.

The bride's mother wore a maroon colored frock with black accents and black velvet accessories. The bridegroom's mother was in cocoa brown with honey brown accessories. Their corsages were of white baby mums.

### Wedding Dinner

Only the immediate families were present for the nuptial mass and wedding dinner in the private dining room of the Hotel Miami, Sterling. Powder blue and white, the bride's colors, were used in decorating for the dinner. The all white wedding cake was of three tiers.

A Newman high school graduate, the bride is employed by the Public Service Co. Halbmaier received his education in Amboy high school and served two years in the U. S. Army with duty in the Korean conflict. He is an employee of the B. F. Shaw Printing Co., Dixon.

For traveling the bride donned a charcoal grey dress, with red trim, black velvet accessories, and a corsage of peppermint stick carnations and white pompons.

## A-1c William C. Powell, Joan Wenger Take Vows

Residing at 718 East Rose Lane, Phoenix, Ariz., are newlyweds, A-1c and Mrs. William Charles Powell, who were wed in the chapel of Faith Evangelical Lutheran church, Phoenix. Mrs. Powell is the former Joan Elizabeth Wenger, daughter of the William N. Wengers, Phoenix.

Mr. and Mrs. Lester Wickey, Dixon, the bridegroom's parents, traveled to Arizona for the Nov. 19 wedding, accompanied by Mr. and Mrs. Frank Gardner, Freeport, his aunt and uncle. The Illinoisans vacationed in the west following the wedding.

The bride was lovely in a chapel length gown of rose patterned lace and nylon tulle, fashioned with a portrait neckline and short sleeves. A sequin and pearl tiara held her fingertip veil of imported French illusion. She carried white carnations on a prayerbook.

Miss Delores L. Wenger, the bride's sister, as maid of honor wore a waist length frock of rose pink taffeta. She had a matching headband and carried pink carnations in a colonial bouquet.

**Other Attendants**  
The bride's other attendants, Miss Shirley Wenger, her cousin, and Mrs. Edmund Kelley were gowns identical to that of the maid of honor. They carried colonial bouquets of gold colored carnations.

The bride's mother wore a grey ensemble with pink accessories and a matching carnation corsage. Light blue accessories and a matching carnation corsage were worn by the groom's mother with her navy dress.

Edmund Kelley served as best man and usher were Kenneth Pierce and A-1c William Pedersen.

A church reception followed the double ring ceremony, with nearly 200 present. Highlighting the decorations was the punch served in an ice float.

The newlyweds enjoyed a northern Arizona honeymoon.

**Dixon Graduate**  
A Dixon high school graduate, the bridegroom is stationed at Luke Air Force Base, Phoenix.

There has been much favorable comment by Dixon citizens on the excellent handling of the Christmas music which is being broadcast downtown under the sponsorship of the Dixon Chamber of Commerce. Much of the credit goes to Frank Muhleback, who is managing the broadcasting with his own amplifying equipment and, largely, his own recordings.

The music is a well-balanced combination of secular novelties, well-known carols and fine choral music of the earlier centuries. The intervals between silence and sound, and the conservative use of volume has the calming effect of background music for the busy shopper which will conserve his Christmas spirit for the magic of those few days just before Christmas.

Public Aid List Declines 2,971 During October

SPRINGFIELD, Ill. (AP) — The Illinois Public Aid Commission said today its assistance rolls declined 2,971 persons to a total of 270,451 in October.

Garrett W. Keaster, IPAC executive secretary, said the decline totaled 31,100 persons since April.

Expenditures for the five assistance programs amounted to \$12,363,320 or an average of \$45.83 a recipient.

There were 2,823 persons less on general assistance than in September but a total of \$1,236 remained. Expenditures for general relief amounted to \$3,075,481, an average of \$37.86 a recipient.

Keaster said this declining trend can be expected to reverse during the winter months when there is less opportunity for work.

### Trucker Fined Total of \$722

George A. Weaver, a truck driver for the Berger Steel Co., Lafayette, Ind., this morning pleaded guilty to operating an overweight truck and was fined \$722.

County Judge Grover Gehant assessed the fine at the rate of 10 cents a pound, as required by the state statutes. The truck was 7,220 pounds overweight on the rear axle.

Weaver was arrested last summer by H. M. Beemer, state highway weight inspector at the weight station located at the junction of Rts. 51 and 20.

## Dad's Religious Teachings to Son Ordered Stopped by Court

INDIANAPOLIS (AP) — A pharmacist who liked to play ball with his son and teach him Scriptures has been ordered to stop seeing the boy after court testimony that 10-year-old John A. Bennett was being torn emotionally by two kinds of religious teachings.

Superior Judge John L. Niblack Wednesday found John E. Bennett of Clermont, Ind., a Jehovah Witness, in contempt of court because he refused to obey an earlier court order to cease "disturbing" the boy with conflicting teachings.

Bennett testified he was "obliged by almighty God" to give his son religious instruction "morning, noon and night."

Custody of the child was given the mother, Mrs. Isabel Bennett, 43, Indianapolis, when the couple was divorced two years ago. Mrs. Bennett is a Presbyterian.

Dr. William G. Moulton, a child psychiatrist, told Judge Niblack the boy was so "obsessed" with Biblical quotations he was withdrawing into himself. She described him as an intelligent boy but "extremely mixed up, confused" and approaching the borderline of "emotional disturbance."

Bennett admitted in court he had taught his son saluting the flag was worshipping "graven images" and that Christmas and Santa Claus were "pagan rites." He denied telling John he could not join the Boy Scouts, but said some scout requirements, such as saluting the flag, were wrong.

# In the U.N. 'Deals' Are Called Statesmanship

## Writers Cite Curious Turnabouts on Policies

By JAMES MARLOW  
Associated Press News Analyst

WASHINGTON (AP)—When the United Nations diplomats get something done it is called statesmanship. But if labor unions and management look as long to agree on a contract, or did as many flip-flops, they'd be out of business.

When the U.N. Wednesday admitted 16 new members it climaxed a whole series of somersaults—going back for years—by the U.N. membership in general and the United States and Russia in particular. No one looked very pretty in this one.

Take the case of Spain. Since 1946 the U.N. had approved a series of resolutions to keep Spain out. In 1945 the United States suggested the Spanish people ought to get rid of their dictator, Francisco Franco.

Spain Opposed  
Russia was just as opposed to U.N. membership for Spain. But time passed. The cold war began. And the United States wanted military bases in Spain as outposts against Russian attack. Spain agreed.

Russia, anxious to get some of her satellites into the U.N., knew she couldn't if she tried to block Spain, which now had U.S. support. The result: Wednesday Spain was admitted overwhelmingly, with the United States and Russia voting for her.

Take the case of Outer Mongolia, which declared itself a republic in 1945 and was recognized the same year by Nationalist China. In 1946 the United States and Nationalist China both backed Outer Mongolia for U.N. membership.

But in 1947 Mongolian and Nationalist Chinese troops were fighting and Nationalist China, an ally of this country, changed its mind. And so did the United States. Time passed.

This fall the U.N. members—in order finally to get in some of the nations which had been crying for membership in the U.N. for years—worked out a deal: 18 new members would be admitted; five of them, including Outer Mongolia, would be Soviet satellites; the other 13 would be nonsatellites.

Russia warned that if her satellites were vetoed—a veto could keep out an applicant for membership—she'd veto the 13 nonsatellites. The United States didn't want Outer Mongolia in. But this country was under pressure by the other U.N. members not to wreck this deal. It agreed not to use the veto. So it abstained from voting at all on Outer Mongolia.

The United States also urged Nationalist China not to use the veto. But the Chinese paid no attention and vetoed membership for Outer Mongolia. This got practically everybody sore in the U.N., including Russia, which kept its threat to veto the 13 nonsatellite countries.

Then a Compromise  
This was Tuesday and things were in a fix. The United States and Russia were blaming each other for blowing up the whole plan. Then Russia proposed a compromise: It would let Outer Mongolia stay vetoed but in turn would veto membership for Japan and then all the others—a total of 16 nations now—could be admitted. And that's just what happened.

## They're Troubled Counting Reindeer In Sunny Florida

MIAMI, Fla. (AP)—Christmas decorators around here have trouble remembering it's eight—not nine or seven—reindeer that pull Santa Claus' sleigh.

According to the old poem, "A Visit From St. Nicholas," they're Dasher, Dancer, Prancer, Vixen, Comet, Cupid, Donner and Blitzen.

There are nine reindeer, however, pulling Santa's sled in front of the Coral Gables City Hall; only seven perform the chore atop the Miami Beach Auditorium.

## Girls Never Have Enough Gift Socks and Stockings

Probably the most popular gift for campus belles is a new supply of stockings and socks—the more the merrier.

But the well-intentioned Santa should make his selections with care, for these junior glamor girls have definite ideas on what they want. Here is help for the shopper.

Gables said the ninth reindeer is Rudolph, a red-nosed animal. John Poulos of the Miami Beach Parks Department plans to ask the city government for another reindeer.

based on a nation-wide survey made among girls aged 10 to 16.

The survey proved first that these young ladies are highly fashion conscious, and that they like a varied wardrobe of different types of ankle and knee socks, plus plenty of nylons.

The favorite ankle sock was found to be plain white with turn-down cuff, but the girls also want a few pairs of solid color socks to match or contrast with certain outfits.

Knee-high socks to wear with

Bermin shorts and kifs also are musts for most young moderns. Favorite style of these is the wool or cotton rib or cable-knit, in colors to match either sweaters or shorts. The girls also like a pair or so of decorated novelty socks in both the ankle and knee lengths.

Young girls also have definite ideas about their party nylons. They like them sheer and seamless, in sun-tan tones. Girls with problem legs—too fat or too thin—will welcome the new nylon stretch stockings, which fit perfectly over plum or gangly legs, stay put and present no size problem. The yarns in these stockings are produced in such a way that, although they look doll-size when off the leg, they stretch when worn to cling snugly to every portion of ankle, calf and thigh. The stretch stockings come in sheer or heavier weights and some are sold with a guaranty on length of wear.

# Dixon Dukes Will Have Baseball Team

## Sport Added to Program; Bogott Probable Mentor

The addition of spring baseball to the Dixon High school athletic curriculum was effected Wednesday night when all seven members of the Dixon Board of Education voted in favor of the sport at their regular monthly meeting at the high school.

Prior to the vote Superintendent of Schools, Sherwood "Deer" and Dixon High School Principal Shelton Bross spoke in favor of adding the sport to the program.

Both the superintendent and the principal noted a great interest in baseball on the part of Dixon High students, and both said that the move would provide a chance for another activity in the athletic program.

A report submitted by Assistant Principal Marvin Winger brought out the information that in a recent survey 114 students had indicated a desire to go out for baseball.

No coach for the sport has been named yet, but it is understood that varsity basketball coach Lyle Bogott is a virtual certainty for the job. Although no official announcement has been made yet, no name but Bogott's has been mentioned for the position thus far.

Schedule Problems  
One of the major problems of adding the sport will be that of scheduling. The North Central Conference, of which Dixon is a member, plays only summer baseball.

Local school officials have expressed a desire to schedule some of the larger independent schools, however, and it is expected that they will try if possible to get games with such independent powers as Freeport, West Rockford, East Rockford and Belvidere.

Games may also be scheduled with some of the stronger teams in the Route 72 Conference, it was indicated.

May Play at Reynolds  
The team would presumably practice at Borden Field, located just west of the high school and play their home games at Reynolds Field, located in the west end of town.

To play at Reynolds Field the high school will have to obtain permission from the Dixon Park District. Permission is expected to be granted.

At the present time the high school has a few old uniforms left over from the Dixon teams of the summer NCIC league. The summer version of the sport was dropped here after a four-year trial in the late 40's. A new set of uniforms will have to be purchased, according to Athletic Director Art Bowers.

## Jefferson Takes Lead

Jefferson walloped South Central 29-16 for first place and Washington rolled over St. Mary's 19-6 in a three game battle this week in the PeeWee League.

The home-court advantage was exploited to the hilt by Jefferson, as they swept to an 11-1 lead at the quarter and upped the count to 22-6 at halftime against South Central Wednesday afternoon. With

substitutes moving into the game, the Jeff five was outscored 6-0 in the third quarter but came back to hold a 7-4 fourth quarter edge. Sigel Leads

John Sigel, with six field goals and five charity tosses, was high for Jefferson with 17 tallies. Everett Tucker led South Central with 11.

Washington also found a friendly court to its liking Tuesday afternoon as they were never pressed by St. Mary's at the Washington gym. The winners were in front 6-0, 11-2 and 19-2 at the first three quarter-endings.

Frank Villiger was the high-point player for the winning Washington five, collecting five of the 10 baskets made by both teams for a 16-point total. Gary Flannigan, with four free throws, led St. Mary's with four points.

## Washington Now Leading Both Loops

Washington School basketball fans were assured a merry Christmas Wednesday afternoon when their teams from both the Heavyweight and Lightweight leagues won from St. Mary's, putting Washington in first place in both circuits over the holidays.

It was the final pre-holiday action for the two grade school loops, who won't resume play until Jan. 6, when St. Mary's plays at Lincoln and South Central visits Washington in Lightweight. Heavyweight doubleheaders.

Guard Phil Keeley, scoring mostly on jump shots, paced the winners with 16 points. Teammate Guy Tiffany was next with 11, the same number Roger Wolf collected in leading the St. Mary's scorers.

The Lightweight League clash was closer, until Washington suddenly broke the game wide open with a third-quarter spurge. Washington led by 6-5 at the end of the first period and carried a slim 14-13 edge to the dressing room.

But Washington's hot third quarter netted 17 points and gave them a 31-18 lead with a quarter to go. St. Mary's scored well off the Washington subs in the fourth shaving the gap to five points at the final whistle.

## Nafziger Has 16.3 Average

Former Dixon High basketball star Don Nafziger, who scored 21 points for the Drake University freshmen Monday night, now has collected 49 points in three games for a 16.3 average, the Drake University News Bureau announced today.

Nafziger's 21-point showing Monday night helped the Drake team whip the Simpson College "B" team 62 to 64. It was the second time in three games Nafziger had scored 21 tallies.

## Dixon Hi Five Awaits Opener

### Duke Cagers Open Loop Play Against Tough Rockets Friday

Coach Lyle Bogott sent his Dixon High basketball Dukes through their final workout prior to the opening of North Central Illinois Conference play late this afternoon.

The Duke cagers play Rock Falls here Friday night at 8 in the NCIC opener for both clubs. A frosh-soph game will precede the main contest, starting at 7.

At Amboy Saturday  
Then Dixon travels to Amboy for an exhibition clash Saturday night.

Bogott has been working hard this week in trying to smooth out several offensive flaws which cropped up in the Dukes' last-second 98-55 loss to a rangy Fulton High team here last Saturday night.

The squad has shown fine spirit this week despite the heartbreaking loss. Bogott reports, and he expects his boys to be "up" this week for the league opener. In five non-conference games the Purple and White has chalked up three victories and two defeats.

Rock Falls, Friday night's opponent, is rated by many observers with Sterling and Ottawa as the "teams to beat" in this year's race.

Princeton Loses Starters  
Princeton's defending champion Tigers lost their entire first team by graduation, so this year they will open league play as somewhat of an unknown quantity.

Coach Bogott will probably string along with his same starting lineup of Ken Mueller and Ken Frankenberg at the forwards, Gary Reeder at center, and Bobby Hill and Max Akerman at the guards.

Reserve forward John Peterson has been performing so well in his clutch-shooting role of late that Bogott may again save him for "pinch-hitting" duty, sucking him in when the Dukes need some quick buckets.

Faces Alma Mater  
Coach Bogott is a graduate of Rock Falls High and there are few things the Duke mentor would relish better than to make his bow in NCIC play with a victory over his Alma Mater.

Saturday night the Dixon High five invades Amboy in a battle for Lee County supremacy. The Clippers are tough on their home court, as Fulton High will attest.

Fulton had to rally to beat Amboy 65-54 after the two teams were tied 33-33 with a little more than three minutes remaining Friday night. The same Fulton club edged Dixon by one point a night later.

## Wrestling Tonight at Gym

### Dukes Host Sterling's Mat Squad

#### 'B' Meeting at 6 Precedes Varsity 12-Division Card

Dixon High's varsity wrestlers, now with a 1-1 record, will face Sterling High here tonight at the high school gym in a bid for an upset that would be every bit as startling as the victory over their basketball counterparts.

Or perhaps even more so. Sterling, the defending NCIC mat champion, has dominated the conference wrestling picture along

with Geneseo year after year. And they are reputed to have another powerhouse this season.

"B" Match Set  
Prior to the varsity matches, which start at 7 p. m., "B" teams from both schools will start their encounter at 6.

Friday night the Dukes will wrestle at Rock Falls High.

Duke wrestling coach Don Barnhart, while admitting that his team was outclassed against Geneseo in their 30-11 loss last Friday night, was of the opinion that his performers should have done better.

"Dixon as a whole looked poor," he commented after the Geneseo meet, "and made very few offensive moves."

Need to Improve  
"We will have to improve to give Sterling a go," he added. Barnhart has been working his squad hard since then, especially in regard to their conditioning, a necessity in the mat sport.

The Dukes, who routed Ottawa here a week ago by a 32-11 score in their only other match, had only three winners against Geneseo. Dixon's Bob Myers (103), Les Kubecka (145) and Burl Stonicepher (154) all won their matches, while teammate Bud Melvin, a heavyweight, salvaged a draw. All the others lost.

Coach Barnhart says his team will enter the Sterling match almost at full strength, with only Sam Van Scoyoc, a 133-pounder, out of the lineup because of injuries.

Van Scoyoc, a non-letterman who won against Ottawa and was leading in his match at Geneseo when he injured his shoulder, probably won't start again until next Wednesday, when the Dukes travel to DeKalb.

## Terps Promise To Win in Bowl

WASHINGTON (AP)—Maryland Football Coach Jim Tatum last night served notice that there are 10 seniors on the Maryland team who have made up their minds to beat Oklahoma in the Orange Bowl Jan. 2.

"We are taking a third-rate team down there to Miami to play a first-rate team, but we are coming back first rate," Tatum said.

Big Jim tabbed his undefeated Terrapins "third rate" only in reference to their standing in the final Associated Press poll. Oklahoma was voted the national championship in the poll. The seniors he referred to were beaten by Oklahoma in the 1954 Orange Bowl game, 7-0.

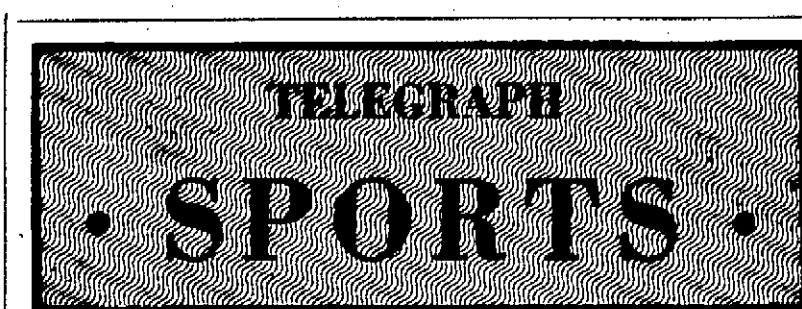

Looking to next year, Tatum said the 1956 squad has the "greatest" potential despite the loss of 10 seniors. He predicted they would have "no trouble at all" with the teams they are scheduled to oppose.

Tatum acknowledged he has been accused of promoting each coming year's team in the nine seasons he has been at Maryland, but added, "I sincerely mean it."

The unusual aspect of an optimistic football coach stems from Jim's desire to attract spectators to Maryland's rather poorly attended games.

Sen. Monrooney (D-Okla.), a guest at last night's banquet in honor of the undefeated football and lacrosse teams, said he noted that one of the University of Maryland Board of Regents members had been introduced as "the representative of football on the board."

"All of our regents at Oklahoma represent football," Monrooney said.

## Alabama Falls

By BEN OLAN  
The Associated Press

This, very definitely, must be Brooklyn's year.

The Flatbush victory influence is extending south to North Carolina, where the tall, talented Tar Heel basketball team is showing evidence of becoming one of the collegiate powers.

Frank McGuire, the N. C. coach, is a former St. John's of Brooklyn mentor. Lennie Rosenbluth, the team's high scorer, played high school ball in Brooklyn. Sophomore sensation Joe Quigg and forward Pete Brennan also come from Brooklyn.

McGuire's lads have won their first four games this season, hardly working up a sweat.

Wednesday night, Alabama, the nation's sixth-ranked team, was moved down 99-77 by North Carolina's high-power attack. It was Alabama's first defeat in five starts. Rosenbluth dropped in 29 points.

In other games, second-ranked North Carolina State routed South Carolina, 90-66. Dayton swamped Idaho, 93-56. La Salle defeated Lafayette, 95-81, and Richmond knocked off VMI 96-54 in a Southern Conference game.

Washington of St. Louis surprised Canislaus 68-63 and St. Joseph's (Pa.) knocked Villanova from the unbeaten ranks, 83-70. Purdue edged Loyola of Chicago, 69-68 on Don Thurnburg's jump shot in the last 10 seconds. Houston tripped Texas A & M, 78-44.

## Chicago, Rams Dominate West All-Pro Selections

LOS ANGELES (AP)—Makeup of the western conference squad that will meet the East in the National Football League's all-pro football game in Los Angeles Jan. 15, has been announced. There are seven members of the championship Los Angeles Rams and seven from the runnerup Chicago Bears.

The West squad:  
Offense—Ends, Harlon Hill, Bears; Billy Watson, 49ers; tackle, Louis Creekmur, Lions; Bill Wightkin, Bears; guards, Duane Putnam, Rams; Stan Jones, Bears; center, Dick Szymanski, Colts; quarterback, Norm Van Brocklin, Rams; Ed Brown, Bears; halfbacks, Ron Waller, Rams; Rick Casares, Bears; fullback, Alan Ameche, Colts.

Defense—Ends, Gino Marchetti, Colts; John Martinovic, Packers; tackle, Bud McFadin, Rams; Art Donovan, Colts; guards, Bill George, Bears; linebackers, Joe Schmidt, Lions; Roger Zatkoff, Packers; Les Richter, Rams; halfbacks, Will Sherman, Rams; Bert Reichichar, Colts; Jack Christiansen, Lions.

Douglas, former Arkansas head coach, said he was quitting to consider a head coaching job with an unidentified eastern college.

The Cards had a 4-7-1 National Football League record this season, their best since 1950.

## Klu Record—As Fielder!

NEW YORK (AP)—Cincinnati's Ted Kluszewski, no gazelle around the first base bag, today is the owner of a new major league fielding mark for first basemen, having led at his position for the fifth straight season.

Official National League averages for 1955 disclosed Wednesday Kluszewski made only 8 errors while handling 1,482 chances for a .995 rate. Ted has led every season since 1951.

Rounding out the "all fielding" infield were Willie Jones of Philadelphia, Red Schoendienst of St. Louis and Ernie Banks of Chicago. Jones headed third basemen with .960. Schoendienst topped the second basemen with .985 while Banks was the best fielding shortstop with .972.

Chicago's Eddie Miksis, a converted infielder, was the leading defensive outfielder with .9891.

## Players Appeal To Ford Frick

NEW YORK (AP)—Major league player representatives Bob Feller and Robin Roberts, together with their attorney, J. Norman Lewis, were scheduled to take their case to commissioner Ford Frick today after refusing to accept the club owners' rejection of their proposal.

At a meeting of the 16 club representatives in Lewis' office Wednesday, the players unanimously decided that they could not go along with the rejection by the owners of "certain proposals" which the players had previously submitted to the magnates. At their annual winter meeting in Chicago last week, the owners flatly turned down all the players' important suggestions.

Turner Beats Jackie Labua  
SYRACUSE, N. Y. (AP)—Gil Turner outpointed Jackie Labua in a televised 10-rounder Wednesday night as Turner's ring experience paid off.

Labua, a newcomer to the middleweight scene, had only two fights this year before he tangled with Turner. His lack of experience was obvious, but he showed a durability and fearless counter-punching attack.

He stood up well under Turner's familiar windmill slashing with both hands. But the youngster was unable to cope with Turner's superior ring experience.

Referee Joe Palmer scored the fight a drawer, 4-4-2. Judge Ted Shields had it 5-4-1 and Dick Albino 6-3-1, both in favor of Turner.

# Use Ingenuity for Wrapping

## Clever Touch Will Make Your Gift a Standout

By KAY SHERWOOD

Wrap your Christmas presents with a dash of ingenuity to make a modest gift the stand-out package under the Christmas tree. It also puts expensive packaging materials to fullest advantage.

At this date, the ingenious touches that interest me the most are those that don't require great artistic ability nor exotic materials. Here are some tips gathered from many sources that seem helpful to me.

From a young southern belle comes a tip for pepping up the perennially popular gift—the new picture portrait of you and the family. The simple white folders in which photographers plant such portraits take on a more festive appearance with a little home art work.

### Trim To Size

Exquisite Christmas wrapping papers, for example, that are not particularly seasonal in pattern, can be trimmed to size and glued to the folder covers. One elegant effect was created with a gold and white paper; another with a gold and silver flecked paper.

Bits of braid, velvet ribbon, sequin strings or fabric scraps can also be used, either on top of the paper covering or against the solid white. One lovely folder was decorated with red velvet ribbon glued down as a border on the white, then edged with gold decal stripping.

A leftover piece of green moire yielded enough material to cover the two sides of a triple folder, and the back was covered with a gold metallic paper from the Christmas supply. Felt cutouts might be used, too.

### Pastry Tube

Another novel package decoration comes out of the pastry tube. The "frosting" is actually super-thick soap suds made by beating with a rotary beater a quantity of

soap flakes or chips and a tiny bit of water.

Squeezed through the tube, the thick foam designs dry hard and firm. While the suds are still wet, you can sprinkle bits of glitter on top or add small ornaments.

Broken strings of beads which are no longer of any use could supply enough bright touches to liven up several soapy snow designs.

As you wrap packages, a small pile of ribbon scraps begins to accumulate. The wastebasket is not the place to shove the scraps. Wait until you have several, then put them together in one truly fancy fiesta bow.

Even my fumbling fingers had no trouble with this bow. You just cut the ends of short scraps on a slant, twist the piece in the middle. Then pile up the pieces in a star-shaped pattern using the longer ones on the bottom, shorter ones toward the top.

Build the bow up to any desired size and tie all the ribbons firmly together in the center, leaving ends long enough to fasten bow to package. The effect is very professional looking whether you use multicolored pieces, several shades of one color or all metallic.

A festive flourish is added to the portrait Christmas gift by decorating the white folder which commonly holds it.

## Uruguay Chief Is in Hospital

CHICAGO (U) — President Luis Battle-Berres of Uruguay was in a hospital today suffering from what was described as "extreme exhaustion."

A spokesman said the visiting 57-year-old President also "apparently has a bleeding ulcer." He added, "The President's general condition is excellent."

Battle-Berres was taken to Wesley Memorial Hospital Wednesday night after he complained of not feeling well at a dinner in his honor at the Chicago Club.

The spokesman said all the President's appointments and visits for at least the next two days have been canceled.

## House Hits Train

FORT WORTH, Tex. (U) — The Texas & Pacific railroad brought suit for damages growing out of a train-house wreck.

They said C. J. Ware was at fault when the house he was moving got in the way of one of the T&P freight at a crossing.

The U. S. shrimp industry employs about 15,000 fishermen and another 15,000 people in shore establishments.

the world's most advanced sewing machines!

NECCHI, world's most advanced cabinet machine

ELNA, world's most advanced portable

A "Magic Disc" sewing machine will not only make the ideal Christmas gift for the woman in your life—but, with it, she'll be able to turn out the most wonderful gifts for others . . . beautifully decorated handbags, luncheon sets, children's clothes, slips, blouses.

Best of all, she doesn't have to be experienced. She just picks a stitch, slips in a magic disc—and the machine does the rest.

Completely automatically it turns out scores of intricate designs. Without attachments it sews on buttons, makes buttonholes, darts and mends . . . monograms and appliques . . . sews zig-zag and straight, forward and reverse. With one of these machines she can clothe herself and your family—and save the cost of the machine in no time at all.

There and other exquisite items can be produced as simply as sewing on ordinary seam

# Push-Button War Is Costly Affair

## Defense Cost Increases; Dim Hope of Tax Relief

By SAM DAWSON  
NEW YORK (AP) — Push-button warfare comes high. The indicated rise of one billion dollars in spending for defense dims the hope of businessmen today that the heavy load of taxation that business carries will be lightened.

The increasing costliness of today's super-complex weapons may also cut the chances of the individual taxpayer for much relief soon.

If you must blame someone, blame the scientists — their ideas grow costlier.

**To Get More**  
Business hopes for tax relief had grown out of the business boom itself. Gross earnings are so remarkably good and payrolls so high that the U. S. Treasury stands

to take in next spring a billion or two more in tax collections than it had counted on when the budget was drawn up a year ago.

This golden flow seemed sure to balance the budget and perhaps leave room for tax relief — most likely at the individual income tax level, and possibly at the corporate income and excise tax level.

That was before the Russians turned their smiles in other directions and returned to calling Uncle Sam and his friends bad names. Defense needs are more apparent now than in the days of the "spirit of Geneva."

**They'll Cost More**  
But the real coup de grace to the hopes that defense costs could be cut — rather than raised, as they now seem likely to be — was given by the scientists in our laboratories and testing grounds.

The new weapons of offense and defense that are being perfected in the age of atomic warfare and guided missiles come with ever higher price tags.

If the cold war is back, as it seems to be, and Congress passes a \$3½ billion dollar defense budget to be ready in a push-button age, business — and maybe you, too — will probably have to put your tax cut hopes off another year.

## Sailor, Wife Go Shopping; Twins Born

SAN DIEGO, Calif. (AP) — A sailor and his wife started on a shopping trip Wednesday and wound up the parents of twin baby girls — born unexpectedly near and in a hospital.

The twins were born to Mr. and Mrs. Jack D. Pavia. Pavia is a machinist mate first class aboard the submarine tender Sperry.

He and his wife Virginia were in their car about three blocks from the hospital when she had a little pain.

"The baby wasn't due until January and we thought it was a preliminary," Pavia said. "By the time we reached the front door of the hospital, one baby was born." Hospital attendants rushed the mother to the delivery room, where doctors attended the birth of the second baby. Mother and twins are reported doing fine.

## Kinne's Kin

SOUTH GLASTONBURY, Conn. (AP) — James T. Kinne rang up his first sale as proprietor of a store with more than ordinary satisfaction.

During negotiations for its purchase, he had discovered that the store had been founded by his great-great-grandfather Aaron Kinne in 1799.

## Money Problem

LOS ANGELES (AP) — The Bank of America branch on East First Street got a letter from a customer: "Please send me a savings account book. I destroyed the one I had as I did not want to carry so much stuff in my handbag while traveling."

## Recess Is 'Jet Time' For Pupils

SANTA PAULA, Calif. (AP) — When it's recess time at the Glen City Elementary School the youngsters make a bee line for an honest-to-goodness Thunderjet plane.

Yep, there is a prominent spot on the school's 10-acre playground, stands a sleep, gray plane, steps leading to the cockpit on one side and a sliding board leading down the other. The playground's conventional swings and slides stand idle and forgotten.

"It just got here," said Mrs. Ethel Hamilton, whose second-grade boys and girls were oh-ing and ah-ing about their new plaything.

**Writes Air Force**  
Mrs. Hamilton explained that the youngsters read a story last spring about another school being given a jet plane. The children at that school like to explore it and draw pictures of it.

When her own pupils pleaded with her to get them a jet plane, Mrs. Hamilton, with the approval of the principal and superintendent, wrote the Air Force. The pupils wrote some letters too.

Vacation time came and passed. The Air Force information office at Los Angeles, pleased with the idea, was turning official wheels to see if a jet aircraft could be procured for Glen City School.

The big day finally came. A 70-foot, 20-ton trailer rolled down the highway toward the school. On top was the Thunderjet, complete except for its engine. A big red tag said, "For the students at Glen City School."

The boys and girls were delighted. It did not matter that the plane was nearly 10 years old and had been classified as surplus.

Mrs. Dorothy Pinkerton, principal, says the plane will be a functional piece of playground equipment and a subject for sketching and drawing.

**They Love It**  
"The youngsters love to study it. They'll be able to learn with such a model to translate on paper their ideas of inanimate objects," she said.

"Then too, the plane will be a symbol to them of the jet age, an era of danger, and it will foster respect for the Air Force which dedicates itself to our defense and safety."

Alex Stalcup, 10, heartily agrees. "Boy, wow, it's sure big. Can it fly? I'm sure happy. We waited a long time. Gee."

The Air Force happily noted that "a lot of youngsters all over the land haven't seen a jet up close, and it will surely contribute to these youngsters' education about the world today."

## Old Bulb Found

KANKAKEE, Ill. (AP) — An old carbon filament light bulb has been found inside the county courthouse dome. Still in operating condition, it probably was placed there when the building was built in 1911. Television forced its retirement because carbon filament bulbs create interference which appears as a band across the TV screen.

## Sound Sleeper

RICHMOND, Va. (AP) — Dr. J. P. McDonough, a veterinarian, may be considering a course of treatment to make his own dog, Buttie, a bit more alert. Buttie snoozed soundly in the McDonough kitchen while four armed men broke in the house, roused McDonough and his wife and made off with cash, jewelry and four pistols.

## Nurse on the Job

BRADLEY, W. Va. (AP) — Mrs. Ruby Willetts, a nurse, spotted a doe in labor, and in the same field a Brahma bull coming on the run. Grabbing a board, the nurse fended off the bull until help arrived. The doe delivered two fawns.

## They Made Christmas

By DR. J. CARTER SWAIN  
Director, department of the  
English Bible, National  
Council of Churches

EDITOR'S NOTE: This is the first of a series of seven stories on the birth of Christ, written by a leading authority on the English Bible.

The ancient world had no better way of fixing time than by reference to the reigning monarch. Luke (1:5) dates the birth of Jesus "In the days of Herod, king of Judea." In a frantic effort to get rid of any who might take his throne, King Herod "killed all the male children in Bethlehem and in all that region who were two years old or under" (Matt. 2:16). But that was not an unprecedented example of his cruelty; he had already murdered two of his own sons, suspected of plotting against him.

Many things bore the name of Herod, but this one is called Herod the Great. The title was bestowed by the Romans for carrying out in his part of the world the grandiose plans of Augustus. Herod gratified his dreams of magnificence by an extensive building program, which included the reconstruction of the temple in Jerusalem, and the erection of the luxurious quarters for his wives, of whom there were ten all told—nine at one time. He decreed that on the day he himself died, all the leading citizens should be put to death. This was to insure that there would be mourning in the land! Augustus said he would rather be Herod's pig than his son.

All that Herod did was done with an eye to perpetuating his sovereignty. It was to make his throne secure that Herod slew the infants.

HEROD—Roman Puppet

But what a strange reversal is here! History has put the Child at the pinnacle. Luke dates the birth of Jesus "In the days of Herod, king of Judea" (Luke 1:5). Now there is another point of reference—and one that does not change. Everything now is dated before and after Christ. The reference books even say that Herod became king in 37 B.C.

## Particular Thieves

DALLAS, Tex. (AP)—Burglars who sneaked into the James Marsh home will be well dressed, well fed and on time. They stole 17 pieces of clothing, about \$100 worth of cooking utensils and an alarm clock.

At 63,000 feet above sea level, blood will boil at body temperatures.

## Love-Crazed Youth Slays Parents, Uncle of Girl Pennsylvania Hills Searched for Killer

VANDERGRIFT, Pa. (AP)—Police searched rugged countryside near here today for a 17-year-old crazed high school junior who shot and killed the parents and uncle of the girl who spurned him.

Slain in their farm home Wednesday night 30 miles northeast of Pittsburgh were J. Warren Small, 44, a gas well driller; his wife, Irene, 36; and William A. Small, 49, brother of J. Warren Small.

The girl who police say was the center of the tragedy was shot and seriously wounded. She is 15-year-old Gladys Small.

### Name Slayer

Police named John Fallone as the slayer. Nearly a score of officers from all sections of western Pennsylvania searched for him. They were warned he may be hard to capture—that he is carrying the .22 caliber automatic rifle with which he cut down members of the Small family.

A night long search through a heavily wooded area rapidly covered by snow failed to turn up "any trace" of Fallone, state police said. More officers were added to the detail at daybreak.

Gladys didn't lose consciousness in her ambulance ride to the hospital. Sobbing, she said:

"I went to a dance with him (Fallone) about a year ago. He got serious and wouldn't let me talk to other boys. He wanted me for himself. My parents finally forbade me to see him. Then he threatened us, said 'I'll get all of you some day.'"

### Phones for Help

Police got their first word of the impending tragedy when Justice of the Peace Homer King, 38, a neighbor of the Smalls, phoned for

help. Later, King told this story: William A. Small, a bullet wound in his foot, came to the King home. He said Fallone was terrorizing the family and had brought a carton of dynamite into the house, along with his rifle.

After notifying police, King rode with Small about two miles back to the house.

"After we stopped, Small got out on the left side and me on the right side," he said. "Just then Fallone came out of the house and he started firing. He hit Small twice and killed him. I went running back of the car. I don't think Fallone saw me. I ran all the way home. My God, that boy might have killed me, too."

When police reached the house they found J. Warren Small and his wife dead in the kitchen. Five young children were huddled in the living room, sobbing wildly. Bullet holes were in the kitchen wall.

### "A Good Boy"

Police theorize that after William Small ran out of the house and drove to the justice of peace for help, the youth killed Mr. and Mrs. J. Warren Small and shot Gladys. They believe he then tried to set off the dynamite with rifle shots before fleeing into the woods. Police said they don't think he had an auto.

A heavy guard was thrown up about the Fallone home. His father, Ernest, 39, a millworker, cried. And so did Mrs. Fallone. Looking out a window filled with Christmas candles, Mrs. Fallone said over and over:

"He was always such a good boy—such a good boy"

PLEADS GUILTY—Barbara Payton, actress over whom Franchot Tone and Tom Neal, actors, fought several years ago, leaves court in Los Angeles, Calif., Dec. 14 after pleading guilty to a charge of passing bad checks. Milton M. Golden, her attorney, is with her. She will be sentenced Dec. 27. (AP wire-photo)

## Hughes Unveils New Helicopter; World's Largest

CULVER CITY, Calif. (AP)—The Flying Crane, Howard Hughes' huge helicopter, lifted a 7,800-pound trailer van in its final tests.

A hush-hush project after its conception five years ago, Hughes' whirlybird is the world's largest 'copter.

A spokesman for the Hughes Tool Co., said Wednesday the trailer van was the largest object ever carried by a 'copter.

Designated the NH17 by the Air Force, the ship weighs more than 46,000 pounds and has a rotor blade 136 feet long. It is powered by gas turbines and has 74 70 m.p.h. in flight, the company said.

The tests have opened the way for the design and production of giant helicopters which the company said would be invaluable in warfare.

For example, the big eggbeaters could carry 75 combat-equipped troops, a 2½-ton truck, a bulldozer or a 155 mm. howitzer.

Standing on still-like legs, a giant 'copter could pick up supplies and then fly with them across rivers, rough terrain or mountains.

## Soviet Bosses Draw Silence in Afghanistan

KABUL, Afghanistan (AP)—Soviet Premier Bulganin and Communist party boss Nikita Khrushchev arrived in Afghanistan today for a snowy, crowdless greeting.

On at least one Kabul wall someone had painted, "Soviets go home."

Soldiers and police lined the road as the two Russian visitors drove with Prime Minister Mohammed Daud to his guest house. But there were none of the riotous crowds which everywhere had greeted the Kremlin chiefs during their visit to India and Burma.

The Russians' visit to this landlocked, mountainous kingdom on their Asian doorstep was virtually without advance local fanfare. Flags and bunting appeared for the first time on public buildings today and the government-controlled press for the first time reported the scheduled arrival.

Despite the lack of a welcoming crowd, student sources indicated the government was expecting a turnout later in the visit of three to five days.

## Charles Taft Named Mayor Of Cincinnati

CINCINNATI (AP)—Cincinnati's city government was reorganized Wednesday with a member of its famed Taft family as mayor and, for the first time in history, a Negro as its vice-mayor.

The City Council, finally seated after a two-week recount of the votes cast in the Nov. 8 election, elected Charles P. Taft as mayor and Theodore Berry as vice-mayor.

The council has a 5-4 Charter party majority. The Charter party is a combination of liberal Republicans and Democrats. Taft, a Republican in state and national politics, long has been a Charter party member. He was the Republican nominee for governor in 1952.

Berry has been a Charter member of the council for many years.

Under Cincinnati's charter form of government the voters elect a council of nine members and it, in turn, elects the mayor and vice mayor.

Taft is a brother of the late U.S. Sen. Robert A. Taft and a son of former President William Howard Taft.

Before the House can act on it, however, it must be cleared by the Rules Committee. Refusal of the rules group to act—and it has several powerful Southern members—could delay the bill indefinitely.

Rep. Smith (D-Va.), chairman of the rules group, said he has not yet been requested to act by Chairman Barden (D-NC) of the Education Committee.

Would Oppose  
But he said "we Southerners" would question any inclusion of an anti-segregation amendment—any proposal to deny funds to state not practicing racial integration in their schools.

Such an anti-segregation proposal already has been drafted by Rep. Powell (D-NY). Powell has stated publicly he will offer it when the school bill comes up, and recently announced organization of a bipartisan "civil rights bloc" to back him.

Powell's amendment proposes

PLANTED FOR KEEPS—Irene Robinson drives a penny into a "penny plant" at an Elk Rapids, Mich., drive-in restaurant. Penny-driving has become so popular with the restaurant's customers that the cedar post is rapidly filling up with coins driven halfway into the wood. When room runs out, the "plant" will be presented to charity.

## Rayburn Says School Aid Decision Will Come Soon

WASHINGTON (AP)—Speaker of the House Rayburn (D-Tex.) said today Democratic leaders will press for an early decision in the House on federal school aid legislation as soon as Congress returns in January.

He predicted eventual passage of some form of government assistance to the states for construction of more schoolhouses.

A House battle is in prospect over disputed features of a school aid bill already approved by the House Education Committee. The conflict promises to be compounded by deep-seated differences over racial segregation in some Southern school systems.

Expect It "Early"  
Rayburn, nonetheless, said in an interview he expected the House to dispose of the school issue "early" in the coming session; and added:

"I think we'll get a school bill, because it's becoming more and more evident there is a serious classroom shortage."

Some form of federal school construction aid was endorsed by a 2-1 margin by the White House Conference on Education last month.

Shortly before Congress adjourned last August, the House Education Committee approved a four-year program for distribution of \$1,600,000,000 among the states for new school construction. The bill would also authorize the government to underwrite state and local financing of additional building.

Before the House can act on it, however, it must be cleared by the Rules Committee. Refusal of the rules group to act—and it has several powerful Southern members—could delay the bill indefinitely.

Rep. Smith (D-Va.), chairman of the rules group, said he has not yet been requested to act by Chairman Barden (D-NC) of the Education Committee.

The recent merger of two great labor organizations into one huge labor organization (AFL-CIO) has implications which cannot escape your notice," he said, adding:

"If agriculture must speak with a lower volume, as it seems destined to do solely because there will be fewer voices raised in its behalf, then it must speak more clearly, most distinctly and with more unanimity, else it may not be heard and heeded amid all the other voices being raised in behalf of special economic interests."

that for a state to be eligible for federal school aid, it must practice racial integration in its school system.

## Farm Bureau To Ask for 'Bank' Plan

CHICAGO (AP)—The American Farm Bureau Federation was expected today to ask Congress to consider a soil bank plan to curtail surplus farm production and liquidate stockpiles of government-owned commodities.

Under a plan reportedly approved by the federation's resolutions committee farmers, to qualify for government price supports, would be required to plant an unspecified percentage of their acreage to soil improving crops such as grasses and legumes.

In turn, farmers would be offered negotiable options to buy government-stored commodities at low, unspecified prices.

Another resolution to be acted upon at the concluding session of the federation's annual meeting would reaffirm its approval of flexible price supports, a system that is a feature of the Eisenhower farm program.

Adoption of the resolutions will make them the policy of the nation's largest farm organization. The federation represents more than 1,600,000 farm families.

President John A. Hannah of Michigan State University told the delegates Wednesday that the declining farm population and the increasing power of labor mean that farmers must make a more united effort to solve their problems.

"The recent merger of two great labor organizations into one huge labor organization (AFL-CIO) has implications which cannot escape your notice," he said, adding:

"If agriculture must speak with a lower volume, as it seems destined to do solely because there will be fewer voices raised in its behalf, then it must speak more clearly, most distinctly and with more unanimity, else it may not be heard and heeded amid all the other voices being raised in behalf of special economic interests."

# Nurse Class to Start Feb. 16

## State School to Enroll 12 Students at Outset

The first class of 12 students in the Dixon State School of Practical Nursing will be admitted on Feb. 16, 1956. The processing of applicants will begin at once.

Applicants between 17 and 30 years of age will be considered. A high school diploma will be required of all individuals 25 years of age or younger. Those over 25 must have completed at least two years of high school.

The course will be of 12 months duration. Each student will receive an allowance of 70 dollars monthly during the course. Ten dollars will be deducted each month to cover the cost of one meal daily.

No tuition fee will be charged. However, each student must be prepared to meet the expenses of uniforms, books and other supplies. This has been estimated to cost about \$80.

In addition to the classroom in-

struction and clinical experience obtained at the Dixon State School, each student will spend two months at the Community Hospital in Sterling, for experience in obstetrical nursing and medical and surgical procedures.

A certificate of achievement will be awarded each student upon the satisfactory completion of the prescribed course. The graduate is eligible for examination by the State Department of Registration and Education. Successful examinees will be issued a Practical Nurse license.

The faculty of the school consists of a director of nurses, a nursing arts instructor, two clinical instructors and a nutritionist.

Applications, further information, and appointments for interview may be made through the Director, Dixon State School of Practical Nursing.

# Worse Than War!

SACRAMENTO, Calif. (AP)—Sportsmen hunting in Modoc County during special doe hunting season were advised today to keep their heads down.

Modoc Sheriff's Deputy Gerald Wilson described one sector as only slightly less dangerous than some wartime beachheads.

"The wildest and heaviest shooting I've ever seen," said Wilson.

He reported two men who went into the area to rescue a wounded hunter had to crawl on their stomachs to avoid being hit themselves.

# Adlai, Kefauver May Be Opponents in California

By THE ASSOCIATED PRESS

California's June primary seems likely to produce a head-on contest between Adlai Stevenson and Sen. Estes Kefauver in the race for the Democratic presidential nomination.

Stevenson listed California Wednesday as one of four additional states in which he will seek pre-convention voter support.

A short time later, Kefauver wound up a week's stay in the politically important state by announcing he too will enter the California primary if he decides to run for president.

Declaration Soon

The Tennessee senator says he'll declare formally Friday. Few will be surprised if he tries again as he did in 1952.

Stevenson added Florida, Pennsylvania and Illinois, as well as California, to the list of states where he plans to run in primaries. Previously he had named only Minnesota.

The 1952 Democratic presidential nominee said he picked these contests so voters could show preference "on a regional basis in the East, Midwest, South and West." He said he would decide about other primaries later.

In Ohio, Gov. Frank Lausche announced he is willing to be his

state's "favorite son" candidate at the Democratic convention.

Whether the five-term governor would remain in the secondary role traditionally accorded "favorite son" candidates remained to be seen. Some Democratic leaders outside of Ohio have mentioned him as a possible dark horse winner at the convention.

Knowland Ready

On the Republican side, friends of Sen. Knowland of California said in Washington they believe the GOP Senate leader will be an active aspirant for the presidential nomination early next year.

The Knowland backers professed confidence that President Eisenhower will decide against seeking re-election, and that Eisenhower will make his decision known sometime next month as Knowland has been urging. Knowland himself declined public comment.

# Nebraska Housewife Strangled

LINCOLN, Neb. (AP)—Police were hunting today for a car reportedly seen outside the little white home where a young housewife was strangled Wednesday.

The victim was Nancy Parker, 22, wife of City Forester Darrell F. Parker. He found her dead when he returned home for lunch after trimming a Christmas tree in the State Capitol.

It was not immediately determined whether she had been raped. Two workmen told police they saw a dark blue Ford, 1949 or 1950 model, outside the Parker home shortly after Parker left early Wednesday. The house is in the city's Antelope Park.

The workmen said they saw no one in the car and did not see it leave.

Parker found his wife's body on a bed. Tightly knotted around her neck was a piece of twine. A rag was stuffed in her mouth. Her hands were bound behind her and she was half clothed.

In Omaha, 60 miles away, police continued the search for the slayer of another woman, Carolyn Nevins, 20-year-old University of Omaha coed. She was found dead on a campus road last Saturday.

There was nothing to link the two slayings.

# Rockford College Uses Grant for Salary Increases

ROCKFORD, Ill. (AP)—A two-year schedule of faculty salary increases geared in part to a recent grant by the Ford Foundation was announced Wednesday for the faculties of Rockford and Rockford Men's Colleges.

The board of trustees had approved a plan whereby instructors of the two colleges will receive a \$200 annual raise during the 1956-57 school year and a second \$200 increase during 1957-58.

The Ford Foundation earmarked \$169,800 for the two Rockford Colleges. The foundation announced Monday a half billion dollars in grants to private universities and colleges, hospitals and medical schools throughout the nation.

The grant to the Rockford schools must be invested, with the interest to be used for faculty salary increases.

President Leland H. Carlson said the salary increases "represent one forward step in the attempt to solve the problem of inadequate faculty salaries."

# Good Reason

PHOENIX, Ariz. (AP)—An escapee from the Arizona State Hospital was picked up and returned to custody at the mental institution. Police asked him why he escaped. He replied, with admirable sanity: "I wanted to."

# Dulles Tells NATO That East-West Cold War 'On'

PARIS (AP)—U. S. Secretary of State Dulles told the NATO Council of Ministers today the East-West cold war is on again after nearly 2 year of Soviet policy zig-zagging.

The American secretary, discussing the trends and motives of Russian policy in 1955, declared the new rulers of the Soviet Union have opened dangerous new "cold war fronts in the Middle East and South Asia."

He added, however, that the 15-nation Atlantic alliance had overcome greater dangers in the past by remaining ever vigilant and united.

Dulles spoke at the opening of the first council meeting since last summer's Big Four summit conference at Geneva and the foreign ministers' subsequent deadlock in the Swiss city.

Also attending the annual year-end meeting of NATO foreign, defense and finance ministers were U. S. Defense Secretary Wilson and Treasury Secretary Humphrey.

The council will discuss the problem of retooling the West's defense machinery for greater preparedness in the expanding atomic age and Russia's renewed offensive in the cold war. But the main Western allies believe the Red challenge will be as much economic and political as military.

The Western statesmen are not expected to come up with any quick answers to those massive problems in their three-day meeting here. They are expected rather to state the big questions they face and then look for the answers in the coming weeks and months.

The Western view is that the Soviets, convinced there will be no atomic war, have since Geneva been playing for increasingly higher stakes in the global power struggle which they call "competitive coexistence." In a modification of the "lick 'em or join 'em philosophy," the Russians are expected to intensify their drive to persuade, cajole or bribe as many non-Communist states as possible to adopt neutral roles.

# Want To Be a Movie Star? Now Is the Time to Try

By HAL BOYLE

NEW YORK (AP)—Anybody want to be a movie star? Well, now is the time to try.

"Fresh talent has more opportunity now than at any time I can remember," remarked film producer Hal B. Wallis.

"As more and more stars form their own companies and appear in fewer films, the supply of veteran players has diminished. The discovery of new talent has become a problem of real importance to the motion picture industry."

This statement by Wallis, however, is no invitation to every good looking stage-struck girl in Corn-cob Corners, Neb., to fly out to Hollywood and beat on his office door.

Need Talent

"The idea still exists that all one needs to get ahead in pictures is a pretty face or a good shape," he said. "If that was ever true once, it isn't true now."

"You have to have real acting talent—a spark of personality that the camera can catch. Anyone who really wants to get ahead in the movies should first try to get as much experience as possible in little theater work or playing summer stock."

"The Cinderella legend persists. It is said that many of the top film actresses got their start as elevator operators or soda fountain waitresses. Perhaps so. But I never have found any real talent while riding elevators or sitting at a drug fountain."

Wallis has a reputation in the industry as a star maker, and the record shows he has been one of its most astute judges of new talent. Among stars he introduced to the screen are Shirley Booth, Burt Lancaster, Dean Martin and Jerry Lewis. Elizabeth Scott, Kirk Douglas, Wendell Corey, Corinne Calvet and Charlton Heston.

"We find potential new stars by going to the theater, by watching television, by interviewing young bit players," he said.

"Sometimes, but very rarely, I sign up a new actor without even having him make a screen test. I saw Burt Lancaster in only one act of a Broadway play and signed him up the next day."

Warren Harding was the first U. S. President to speak over the radio.

## Santa Takes Tavern Break, He Loses Job

NEW YORK (AP)—One of this town's Santa Clauses stretched a 10-minute coffee break into five hours Wednesday, was ordered to turn in his suit, and then got in a fight.

George Whitestone, 45, was relieved at his 42nd Street and Madison Avenue post by Capt. John Lingerfelt, in charge of street corner Santas for the Volunteers of America.

The relief Santa's job is to circulate around town giving regular Santas time off for coffee. When Whitestone didn't report back for hours, Santas all over mid-Manhattan went without coffee breaks.

Lingerfelt said Whitestone didn't smell of coffee when he got back, but of booze. Ordered to turn in his suit, Whitestone punched Lingerfelt in the nose. Police finally broke it up.

## Heavy Payment

PLANT CITY, Fla. (AP)—D. T. Moye of Lakeland made the \$1,550 down payment on a new automobile with 50-cent pieces—in a basket so heavy it required two men to carry it.

Moye said he started saving the half dollars in 1949 and intended to save the full price but the hoard got too heavy.

Tennessee has 3464 miles of railroad.

## Cherry-Apricot Bavarian Is Delightful Yule Dessert

FOR A DELIGHTFUL Christmas dessert which is light and colorful, let yourself go with cherry-apricot Bavarian.

By GAYNOR MADDOX

For a light but delightful end to the family Christmas dinner, this Cherry-Apricot Bavarian seems about right.

**Cherry-Apricot Bavarian**  
(Makes 6-8 servings)  
Two tablespoons unflavored gelatin, 1/2 cup water, 1 1/2 cups sieved canned apricots, 2 tablespoons lemon juice, 1 cup water, 1/2 teaspoon salt, 2 cups heavy cream, whipped, 1 cup chopped maraschino cherries, drained (about 20 cherries).

Soften gelatin in water; dissolve over boiling water. Combine apricots, lemon juice, sugar and salt; stir until sugar is dissolved. Add gelatin and mix well. Chill until mixture is slightly thickened. Fold in remaining ingredients. Turn into

3-cup mold. Chill until firm. Unmold and garnish with additional cherries, if desired.

**Cherry-Rice Delight**  
(Makes 6 servings)  
Two-thirds cup rice, 3 cups milk, 1/4 cup sugar, 1/2 teaspoon salt, 1/2 teaspoon cinnamon, 1/4 cup chopped maraschino cherries, drained (about 10 cherries), 1/2 cup heavy cream, whipped, 12 canned apricot halves, drained, 6 maraschino cherries, drained, 1/4 cup sugar, 1/2 teaspoon cornstarch, 1/2 teaspoon salt, 1/2 cup boiling water, 1 tablespoon butter or margarine, 1 teaspoon lemon rind, 1/2 teaspoon grated lemon juice.

Combine rice and milk; cook until mixture boils. Simmer until rice is tender, about 20 minutes. Add

## Dog Admitted To Hospital To See Master

HOUSTON, Tex. (AP)—Punch, a 20-month-old German shepherd seeing eye dog, was admitted to Jefferson Davis Hospital Wednesday with the privilege of bedding down in his owner's room.

Hospital officials slashed red tape and a long-standing rule against dogs to reunite Punch and Elbert Spencer, his blind owner. When Spencer was admitted Monday to the hospital for eye treatment, Punch defied all efforts to calm him or coax him to eat. Tuesday night he had a convulsion.

## No Divorces at Christmastime

COLUMBUS, Ohio (AP)—Santa Claus will aid in keeping marriages together in two southwestern Ohio counties during the Christmas season. Judge Darrell Hottle of Highland County Common Pleas Court said he will not grant any divorces between today and Jan. 3. Judge John Case of Fayette County Common Pleas Court issued a similar decree covering this.

## Sartorial Splendor

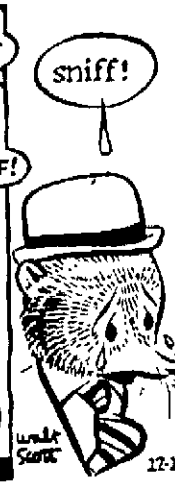

FLAGSTAFF, Ariz. (AP)—A burglar who escaped with \$400 in cash and jewelry here apparently decided he was going to start his wardrobe anew. He left behind a hat and a pair of shoes.

1/4 cup sugar, 1/2 teaspoon salt and cinnamon; mix well. Cool 5 minutes; chill. Fold rice mixture and chopped cherries into cream. Turn into serving dishes. Top with apricots and cherries. Meanwhile, combine 1/4 cup sugar, cornstarch and 1/2 teaspoon salt. Gradually add water and cook, stirring constantly, until mixture is thickened and clear. Add remaining ingredients and mix well. Chill and pour over apricot-cherry mixture.

## THE THREE WISHES

A Christmas Story

By WALT SCOTT

## Strawberries in Souffle Gala Christmas Dessert

By GAYNOR MADDOX

A lighted tree, wreaths of holly and sprigs of mistletoe, plus festive food—that's the Christmas plan at the Treadway Inn at Rochester, N. Y. Our old friend, J. Frank Birdsall, innkeeper of this country inn in the city has let us in on some of the holiday recipes.

Here are two—and happy Christmas eating to you all:

**Souffle Glace** (Yield: 8 servings)  
One cup milk, 1 cup light cream, 1 one-inch stick vanilla bean (or 1 teaspoon vanilla extract), 1/2 cup sugar, 2 cups heavy cream, whipped, 1 pint strawberries, sweetened, 2 to 4 tablespoons kirsch, if desired, 4 egg yolks.

Fold waxed or glazed paper lengthwise, tie around top of quart souffle dish to make 3-inch standing rim. Remove ends of tall slender can and stand in center of mold. Place dish in freezer, turn control to fast freezing. Scald milk and cream with vanilla bean in double boiler. (Extract is used later.) Beat egg yolks, sugar, until thick and light. Add to milk, stirring. Cook over simmering water, stirring until custard is thick. Strain through fine sieve, cool quickly, chill. Add vanilla extract,

if used, and fold in whipped cream. Turn into prepared mold, cover with paper, freeze until firm. To serve, remove paper collar and can and fill center with strawberries, flavored with kirsch if desired.

**Boneless Roast Half Rock Cornish Game Hen**

Remove meat from carcass of one game hen; generally done by butcher. Cut boned hen lengthwise in half to make two servings. Lay boned hen, skin down, on board. Form stuffing by hand into round ball of 2 1/2 inches in diameter. Place in center of each half of boned game hen. To shape, wrap edges around ball of stuffing. To roast: Dice fine 2 medium stalks of celery, 1 small carrot, 1 small onion. Mix together and cover bottom of roasting pan. Pie plate can be used. Brush birds lightly with butter and roast in oven at 350 degrees F. (moderate) for approximately 2 hours or until done.

## Dallas Medical Society Admits Negro Members

DALLAS (AP)—For the first time in its 80-year history, the Dallas County Medical Society has admitted Negroes into their organization. Executive Secretary Millard Heath said Wednesday.

Doctors Harold H. Culmer, William K. Flowers Jr. and Joseph R. Williams were unanimously elected into the group Tuesday night.

The three Negroes are now eligible for membership on the medical staff of Dallas' four major hospitals.

Kentucky has 3,569 miles of railroad.

## Frozen Plum Puddings Offer a Yuletide Novelty

By GAYNOR MADDOX

We went to a gala dinner recently where frozen plum pudding was the festive dessert. Because it would be a perfect close for the Christmas dinner, we asked our hosts, The American Spice Trade Association, for the recipe.

**Frozen Plum Pudding**  
(Yield: 12 to 15 servings)

One cup sugar, 1/2 teaspoon salt, 1/4 teaspoon ground cardamom seed, 2 eggs, beaten, 2 cups milk, 2 cups heavy cream, 1/2 cup diced glazed cherries, 1/2 cup diced citron, 1/4 cup sherry wine or non-alcoholic sherry flavoring, 1/4 cup macaroon crumbs, 1/4 cup chopped blanched almonds, 1/4 cup heavy cream, whipped, 1 tablespoon sugar, 1 drop green or red vegetable coloring.

Combine first 3 ingredients. Add eggs. Stir in milk. Cook over low heat until the mixture coats a metal spoon, stirring constantly. Cool. Stir in cream. Pour into a crank-type ice cream freezer.

Freeze until about half frozen, using 8 parts of ice to 1 part of coarse ice cream salt. In the meantime, soak cherries and citron in the sherry wine or sherry flavoring. Open the freezer and add fruit mixture, macaroon crumbs and almonds. Freeze until firm and hard. Pack in a 6-cup pudding or gelatin mold. Cover. Place in freezer compartment of the refrigerator. Let stand overnight or about 12 hours. Remove from mold by running a spatula between the mold in a deep pan containing enough boiling water to cover the depth of the mold. Quickly turn out pudding on a serving plate. Return to freezer for an hour or more. Then, frost with whipped cream sweetened with the 1 tablespoon sugar. Color remaining cream with green or red vegetable coloring. Put in a decorator's tube and decorate pudding as desired. Return to freezer until ready to serve.

## Band Leader Sues Las Vegas Hotel

LAS VEGAS, Nev. (AP)—The Royal Nevada Hotel has been sued for \$35,000 by Phil Spitalny, leader of an all-girl orchestra. The plush casino-hotel owes him the money for the balance of a four-week contract, the band leader stated in the suit filed Wednesday in Superior Court. Spitalny was discharged after only two weeks, the suit stated.

The 1954 Memorial Day auto race at Indianapolis was the first of these classic races in which nylon tires were used.

## Time for Yule Bonbons

By CECILY BROWNSTONE  
 Associated Press Food Editor  
 Homemade fudge, we find benefits from the use of marshmallow cream and morsels of semisweet chocolate. So easy to make this way, richly flavored—and velvety as new-fallen snow on Christmas Eve! We heartily recommend this recipe to anyone who enjoys making candy for holiday gifts and parties.

Along with the fudge, you might also like to make these professional-type Chocolate Nuggets. They have a layer of caramel (made from bought candy) and an upper layer of pecans and chocolate.

New jumbo packages of small pieces of semi-sweet chocolate will be useful for your holiday candy making. The big package contains twice as much chocolate as the familiar six-ounce one.

If you are giving this candy away for gifts, we'd like to tell you about some simple interesting wrappings we saw lately. Decorations for the wrappings are made from labels, seals and stars. For instance you can paste wide labels together to make a red-striped decoration for a small package, with bright stars parading on the white stripe. Or shape a Christmas tree decoration by sticking just the tips of narrow labels (for bouquets) onto a label tree trunk; decorate with tiny star seals. Two red-edged labels at right angles make a candle and holder to light another Christmas package; a shiny legal seal makes the "flame," and the handle is a red-edged round label with the center cut out.

**Marshmallow Cream Fudge**  
 Ingredients: One jar (7 1/2 ounces) marshmallow cream, 1 small can (6 ounces) evaporated milk, 1/4 cup butter, 1 1/2 cups sugar, 1/4 teaspoon salt, 2 packages (6 ounces each) or 1 jumbo package (12 ounces) semi-sweet chocolate pieces, 1 teaspoon vanilla, 1/2 cup chopped nuts (if desired).

FUDGE AND NUGGETS make good gifts for your friends.

**Method:** Stir marshmallow cream, evaporated milk, butter, sugar and salt together in a saucepan; stirring constantly, bring to a full boil; continue to stir and boil 5 minutes over moderate heat. Remove from heat. Stir in chocolate, vanilla, and nuts (if used) until chocolate is melted. Pour into greased pan (8 by 8 by 2 inches), chill until firm. Makes about 2 1/2 pounds.

**Chocolate Nuggets**  
 Ingredients: Confectioners' sugar, 3/4 pound vanilla caramels (42), 1 tablespoon butter, 1 tablespoon water, 3/4 cup pecans (coarsely chopped), 1 package (6 ounces) semi-sweet chocolate pieces, 3 tablespoons light corn syrup, 1 tablespoon water.

**Method:** Butter cookie sheet well; sift confectioners' sugar over buttered sheet. Put caramels, butter and 1 tablespoon water in top of double boiler; allow to stand over boiling water until melted. Add pecans; keep warm over hot water. In another double boiler put chocolate, corn syrup, and 1 tablespoon water; allow to stand over hot (not boiling) water until melted; remove from heat. On the prepared cookie sheet, drop the caramel mixture by teaspoonfuls; drop the chocolate mixture by half teaspoonfuls on top of caramel mixture. Chill until firm. Makes 3 1/2 dozen (about 1 1/2 pounds) nuggets.

Higher Authority

CHARLESTON, W. Va. (AP)—An unidentified minister told Police Judge James McWhorter that his car was ticketed for overtime parking while he was visiting a patient critically ill in Charleston General Hospital.

"Your honor," he said, "the job of saving the man's soul took longer than I expected and I'm sure his salvation is worth the price of one parking ticket."

Judge McWhorter tore up the ticket.

Came Clean

HOUSTON, Tex. (AP)—Robert L. Manley pleaded guilty to indictments of four burglaries at a laundry.

Dist. Judge Edmund Duggan asked him why he picked on that particular place.

"I had a grudge against the laundry," Manley said. "I went there one day just past closing time and the man wouldn't give me my clothes."

Duggan gave Manley 10 years.

## Most Meats Will Offer Bargains

By THE ASSOCIATED PRESS

You'll find attractive buys in pork, beef, veal and lamb in many of the nation's food stores this weekend.

Meat prices in general are still heading lower, and judging from the record pileup of supplies, the end is not yet in sight. Last week production of government-inspected meat set an all-time record.

For the coming weekend one of the big food chains has trimmed prices of center cut pork chops in several major cities by amounts ranging from 5 to 19 cents a pound.

Lamb is down anywhere from two to six cents a pound. While beef prices are resisting the downward pull a little more effectively than pork and lamb, there are bargains aplenty.

Pork has been selected by the U. S. Department of Agriculture as its food headliner for this week.

The Department of Agriculture has singled out potatoes, rutabaga turnips and white turnips, beets, topped carrots, baby parsnips and kale as outstanding vegetable buys. Listed as good buys are new and old cabbage, beans, peppers, corn, egg plant, pascal celery, and lettuce.

## Dehydration Aid

TAIPEI, Formosa (AP)—U. S. aid funds are being used to develop a food dehydration industry in Formosa.

The dehydrated food already is being shipped to Quemoy, Matsu and other islands lying off the shores of Red China.

Reaction of Nationalist troops on these perilous outposts has been enthusiastic.

Various plants in different parts of Formosa are turning out dehydrated vegetables, fruit, fish and rice. Much ingenuity is being displayed. In some cases, farmers use a bicycle to spin a wheel that powers a fan, blowing air into mounds of rice.

## Coffee Caper

BROADUS, Mont. (AP)—When Mrs. Marvin Adams discovered that her new auto was on fire she grabbed a thermos bottle of coffee to extinguish the flames. Her efforts salvaged a camera and spare tire.

HE WAS THIRSTY. THAT'S WHY—A fellow has a hard time these automobile days finding a place to water his horse. But Joseph Iorio solved the problem in Pittsfield, Mass., by riding into a tavern and ordering a couple for "King," the horse. King, being only six years old, got no more than water from Frank Koldys, the bartender.

## Man Accused of Attack on Mother Found Hanged

ELGIN, Ill. (AP)—An Elgin man accused of trying to kill his invalid mother by slugging her with a bowling pin, was found hanged Wednesday night.

Police said the body of Carl V. Danner, 54, a cost accountant, was found in the basement of his home. A note addressed to his wife, Frances, and their three daughters read in part:

"Please forgive me for taking this way out of a situation which seemed so hopeless to me."

Danner, charged with assault with a deadly weapon with intent to kill his mother Kate, was free on bond. He was scheduled for trial next week.

Police said Danner struck his bedridden mother, who is some 80 years old, with a bowling pin early one morning in September. She now is convalescing in a rest home in the Elgin area.

Police questioned Danner after the incident and he voluntarily entered Elgin State Hospital. Upon his release recently a grand jury recommended charges against him.

When the Mayflower brought the Pilgrims to America, there were 20 ships of that name under British registry.

## Steak With Mushrooms Still a Wonderful Dish

STEAK WITH PLENTY of mushrooms to add their flavor and luxurious decorative touch is anyone's idea of a meal.

By GAYNOR MADDOX

In Southern Pennsylvania they grow and can nearly 2 1/2 of our national supply of mushrooms. We went through that beautiful rolling country and talked good eating with several amiable growers and canners. Here is what we learned about mushroom sauces for broiled steak.

Mushroom Steak Sauce

One 4-ounce can sliced mushrooms, 3 tablespoons flour, 2 cups liquid made from mushroom liquid and water, 1/4 teaspoon salt, pepper to taste.

Drain mushrooms, saving liquid. Add mushrooms to steak drippings in saucepan or skillet and brown. Add flour, stir until browned. Stir in mushroom liquid, adding water.

Mushroom Chili Sauce

One 4-ounce can button mushrooms, 2 tablespoons butter, 2 tablespoons flour, 1/2 teaspoon salt, 1/2 teaspoon pepper, 1 cup milk, liquid drained from mushrooms, 1/2 cup chili sauce.

Saute drained mushrooms in butter and then remove them and set aside. Blend flour, salt and pepper into butter. Add, slowly, milk and mushroom liquid. When smooth and boiling, add chili sauce and sauteed mushrooms. Serve hot on steak or meat loaf.

## Duggan Held in Contempt

CHICAGO (AP)—Tom Duggan, who has a chatter program on television, has been convicted of contempt of court for remarks made on his show about witnesses in a child custody case.

The entertainer, whose legal name is Tom Duggan Goss, was convicted Wednesday by Superior Court Judge Daniel A. Covelli. Sentencing was set for Friday. There is no fixed punishment for contempt. The judge decides what the punishment will be.

Duggan was found in contempt for comments he made concerning the child custody case between Carl Champagne, 24, and his wife, Shirley, 23, which is being heard in Judge Covelli's court. Champagne has accused his wife in a separate divorce action of adultery with Duggan.

Duggan admitted he had described a private detective hired by Champagne as a "24-year-old professional sneak and a liar." The detective had testified he had followed Duggan and Mrs. Champagne to Duggan's apartment on two occasions. He also had referred to the Champagne family as associates of hoodlums.

Said Duggan after the conviction: "I said I was going to be convicted a long time ago. This just bears out my prediction."

A defense move for a new trial and for an arrested judgment was denied.

## No Hurry

BENTON, Ky. (AP)—Marshall County Clerk Toad Brien shrugged when a newly recorded deed for the sale of a farm was pointed out. The sale was dated Aug. 8, 1903.

Nothing unusual about that around leisurely-living Benton, he said.

It's commonplace for deeds to be recorded 40 to 50 years after the transfer of property.

## GM Accused Of False Advertising

WASHINGTON (U)—General Motors Corp. has been charged by the government with falsely advertising that "genuine Chevrolet" replacements parts are better than parts competitors sell without the "genuine" label.

GM had no immediate comment on the complaint, issued Wednesday by the Federal Trade Commission.

FTC said GM buys many Chevrolet parts from other manufacturers, some of whom design the parts themselves and sell to others besides GM.

These parts, said FTC, "are at least equal in all material respects" to those GM sells, but GM advertises the parts it buys as "genuine" with the implication that all others are not as good.

The federal agency accused GM of representing that the Chevrolet parts its distributors are designed and manufactured exclusively for GM. It called this "false, misleading and deceptive" and said GM's claims "divert business from competitors to their injury and the injury of the public, in violation of the Federal Trade Commission Act."

FTC said its complaint "had nothing to do with" the recent hearings on GM held by a Senate Antitrust subcommittee headed by Sen. O'Mahoney (D-Wyo.).

President Harlow Curtice and other GM officials testified they are not trying to squeeze out smaller firms in replacement parts for GM cars. They said GM now sells half of all new cars and trucks but has only 20 per cent of the parts business so the company naturally wants to capture a bigger share of the parts market.

GM has 30 days to file an answer to the FTC complaint. A hearing before an FTC examiner was set for Feb. 14 in Detroit.

## Four Dionnes United Again

MONTREAL (U)—Two of the Dionne quintuplets are patients in a suburban Montreal hospital where the other two surviving quintuplets are taking nurses' training. They were all described Wednesday as being "in a happy mood."

Annette, who had been a student in a Nicolet, Que., school, entered the Hospital Notre Dame de l'Esperance in Ville St. Laurent Dec. 3 for an examination. Marie was admitted Nov. 26 for treatment after leaving a Quebec City convent where she had been training as a postulant. Yvonne and Cecile already were training as nurses at the hospital.

The fifth quint, Emilie, died last year.

Hospital authorities refused to discuss the condition of Marie and Annette except to say they are suffering from a nervous condition and need rest and privacy.

One doctor said Marie was tired and a little weak when she entered the hospital but added she is "much better now." He also said Annette needed rest when she was admitted.

Dr. G. Cousineau, hospital medical director, said: "It is a perfect atmosphere for them, united with their sisters. They are almost in a gay mood."

Marie has twice left the convent at Quebec City. A spokesman for the Dionne family last month said doctors had told Marie her life in the cloistered convent "was too hard for her frail health."

Scientists list the praying mantis as the only insect that can turn its head.
